

FILMORE!

A Dublin Fringe Festival Commission 2022

What is Filmore!

It is a multimedia, interactive theatrical experience where the audience are the main character. Modelled from escape rooms and murder mystery games while drawing inspiration from popular culture alongside the hazy nostalgia of youth. It combines visuals, art installation and music.

What the audience discover in the three rooms of Filmore's house and from the films shown in the evidence room will dictate what the story is and, attempt to answer the three main questions:

Where can we find Filmore!?

What happened to him!?

What is he planning!?

All is revealed at the gig which is a night of punk, electro and hip-hop.

About the artist

Dafe Orugbo is a Weft Studio Artist and Max Zanga of the popular Irish hip hop group Tebi Rex, and an experienced workshop facilitator, mentor and course leader.
